**FOR IMMEDIATE RELEASE**

## **Howard Stern Intern: A Look Behind The Veil**

-----

August 6, 2010

I want to introduce you to one of the most exciting things I have been involved in for some time. This week my client, Adam Schwartz, a college student, is releasing his book entitled "Finding Howard Stern: A Summer Intern's Story."

The book chronicles an intern's summer internship with the staff of the most talked about, popular and most highly controversial radio personality in the country. It is captivating, informative and takes the reader on Adam's wild summer ride as an intern. It is the true story of a college student who was given the opportunity to intern for Howard Stern in the summer of 2009 and his personal journey working for the most listened to radio talk show host in the history of broadcasting. The book takes Adam "The Tapes" intern through an adventure in which he meets and befriends many of the shows cast members and he contributes to the content and success of the program. By the end of the summer Adam makes his mark on the program and develops a unique strategy for the success of the entire company. It is a great summer read and will keep you up all night until you find out how his summer ends. There are pranks and surprises along the way and even Howard employees will be shocked and awed to learn that they were victims of Adam "The Tapes" Intern. In a word, the book is hysterical.

If you want to purchase it, you can do so by logging onto [howardsternintern.com](http://howardsternintern.com), [amazon.com](http://amazon.com) and on kindle. For additional information or to interview Adam, you can contact me.
